Purpose of the policy

The centre is committed to ensuring that the examinations / assessments management and administration process is run effectively and efficiently and in compliance with the published JCQ regulations and awarding body requirements.

This policy will ensure that:

- all aspects of the centre's process is documented, supporting the exams contingency plan, and other relevant exams-related policies and procedures are signposted to
- the workforce is well informed and supported
- all centre staff involved in the exams and assessment process clearly understand their roles and responsibilities
- all exams and assessments are conducted according to JCQ and awarding body regulations, guidance and instructions, thus maintaining the integrity and security of the examination/assessment system at all times
- exam candidates understand the process and what is expected of them

This policy is reviewed annually to ensure ways of working in the centre are accurately reflected and that exams and assessments are conducted to current JCQ (and awarding body) regulations, instructions and guidance.

This policy will be communicated to all relevant centre staff.

Roles and responsibilities overview

(GR 2)

The **head of centre** is the individual who is accountable to the awarding bodies for ensuring that the centre is always compliant with the published JCQ regulations and awarding body requirements to ensure the security and integrity of the examinations/ assessments. This individual must have the authority to deploy the necessary resources to ensure that the centre is always compliant in meeting published JCQ regulations and awarding body requirements.

The examinations officer is the person appointed by the head of centre to act on behalf of, and be the main point of contact for, the centre in matters relating to the general administration of awarding body examinations and assessments.

The head of centre must not normally appoint themselves as the examinations officer. A head of centre and an examinations officer are two distinct and separate roles.

The head of centre and/or examinations officer may operate across more than one centre. In such cases the head of centre must ensure there is suitable senior leadership team support in place, so they can meet their obligations across all centres for which they are responsible. The head of centre must ensure that these arrangements are covered by their examination contingency plan.

Head of centre responsibilities

(GR 1)

Heads of centre must ensure that senior leadership teams and exam office personnel familiarise themselves with the entire contents of the current [General Regulations for Approved Centres](#) (GR) booklet. In particular, heads of centre must familiarise themselves with paragraphs 5.1, 5.3 and 5.4.

Heads of centre must ensure that relevant members of staff respond promptly to actions raised by the JCQ Centre Inspection Service. Failure to do so could result in the centre not receiving or being able to access question papers and other confidential assessment materials. Ultimately, awarding bodies could withdraw approval of the centre.

Heads of centre must ensure that relevant members of staff respond promptly to requests for information from awarding bodies relating to the administration and conducting of examinations/assessments.

(ICE Introduction) **It is the responsibility of the head of centre to ensure that all staff comply with the instructions in the [Instructions for conducting examinations document](#).** Failure to do so may constitute malpractice as defined in the JCQ document [Suspected Malpractice: Policies and Procedures, 1 September 2024 to 31 August 2025](#).

The head of centre must ensure:

- compliance with the published JCQ regulations and awarding body requirements to deliver the qualification(s)
- appropriate controls are in place which ensure accurate data is submitted to the awarding bodies by the required deadlines, e.g. entries, internally assessed marks
- all reasonable steps are taken to respond promptly to requests for information or documentation made by an awarding body or regulatory authority

Head of centre

- Understands the contents, refers to and directs relevant centre staff to annually updated JCQ documents including:
 - [General Regulations for Approved Centres](#) (GR)
 - [Instructions for conducting examinations](#) (ICE)
 - [Access Arrangements and Reasonable Adjustments](#) (AARA)
 - [Suspected Malpractice - Policies and Procedures](#) (SMPP)
 - [Instructions for conducting coursework](#) (ICC)
 - [Instructions for conducting non-examination assessments](#) (NEA)
 - [A guide to the special consideration process](#) (SC)
- Ensures the centre has appropriate accommodation to support the size of the cohorts being taught including appropriate accommodation for candidates requiring access arrangements and/or practical assessments
- Where / if using a third party to deliver any part of a qualification (including its assessments) at the centre:
 - maintains oversight of, and responsibility for, the delivery of the qualification in accordance with JCQ regulations and awarding body requirements
 - has in place a written agreement with the third party (unless exclusions apply) to ensure there is a shared understanding of the arrangement and will manage the risk of failure by the third party to deliver the expected service
 - ensures that a copy of the written agreement is available for inspection if requested by the awarding body
- Ensures that relevant members of staff respond promptly to actions raised by the JCQ Centre Inspection Service, understanding that failure to do so could result in penalties (see **National Centre Number Register and other information requirements** section)
- Ensures that the centre promptly reports any incidents to the relevant awarding body/bodies which might compromise any aspect of assessment delivery, such as a cyber-attack
- Ensures members of centre staff do not forward emails and letters from awarding body or JCQ personnel without prior consent to third parties or upload such correspondence onto social media sites and applications (including third party applications)
- Ensures members of centre staff do not advise parents/candidates to contact awarding bodies/JCQ directly nor provide them with the names, addresses and contact details (including email addresses) of examiners, moderators, external verifiers and any other awarding body examining/assessment personnel/JCQ personnel

Resilience and contingency arrangements

The centre must ensure they are familiar with the regulators' guidance on ensuring resilience in the qualifications system. Centres should consider putting in place a process for gathering evidence of candidate performance in line with the published guidance.

The centre must have an up to date written contingency plan.

The contingency plan must cover all aspects of examination/assessment administration and delivery. Senior leaders must have robust contingency arrangements in place that will minimise the risk to examination/assessment administration and delivery and any adverse impact on candidates.

The plan must cover the following scenarios:

- the head of centre, relevant senior leader(s) with oversight of examination and assessment administration, SENCo/ALNCo, examinations officer or any other key staff essential to the examination process being absent at a critical stage of the examination cycle
- the potential impact of other events such as flooding which could lead to all or parts of the centre becoming unavailable
- potential issues with the centre's IT systems.

As part of their contingency plan centres must identify an alternative site if examinations cannot be conducted at the registered address. Larger centres may require more than one potential alternative site or different sites for different Year Groups.

The centre must have at least one senior member of staff (senior designated contact) who is available to manage emergency requests from awarding bodies that are results related during the summer holidays. However, a number of contacts can be provided to reduce the risk of this falling on one individual throughout the summer holidays.

The centre must ensure that candidates' work is backed-up and should consider the contingency of candidates' work being backed-up on two separate devices, including one off-site back-up. Centres must implement appropriate security arrangements which protect candidates' work in the event of IT system corruption and cyber-attacks.

Cyber security

(GR 3.20-21)

The head of centre must ensure there are procedures in place to maintain the security of user accounts by:

- providing training for authorised staff on the importance of creating strong unique passwords and keeping all account details secret
- providing training for staff on awareness of all types of social engineering/ phishing attempts
- enabling additional security settings wherever possible
- updating any passwords that may have been exposed
- setting up secure account recovery options
- reviewing and managing connected applications
- monitoring accounts and regularly reviewing account access, including removing access when no longer required
- ensuring authorised members of staff securely access awarding bodies' online systems in line with awarding body regulations regarding cyber security and the JCQ document *Guidance for centres on cyber security*
 Authorised staff will have access, where necessary, to a device which complies with awarding bodies' multi-factor authentication (MFA) requirements.
- reporting any actual or suspected compromise of an awarding body's online systems immediately to the relevant awarding body

It is the responsibility of the **head of centre** to ensure that the centre:
